

PAC22

Refrigerated Air Conditioners

6.5kW Pac22 Split

A powerful, easy to install split air conditioner with a cooling capacity of 6.5kW. The room unit and condenser are connected by a series of flexible lines, with the two components able to be situated up to 30 metres apart. The unit's robust design and cooling capacity make it perfect for use in large offices, server rooms and hospitals.

FEATURES

- Up to 70m² Coverage
- External Condenser
- Easy To Position
- Slimline
